Dawn Dorate

Dawn,

I know that you might have a problem choosing a major in college? So how about space exploration? You'll fit right in there with the Jetsons. I know that I'll see you this summer. Have a great life.

Your friend,

John

Dawn,
It was nice
knowing you
and have a
nice summer
Chris Motley

Dawn,
we finally did it.
It has been great
knowing you this
year. No matter
when I was feeling
down all I had to
do is see your smile
& hear your laugh
and you always
seem to cheer me
right up again.
We have to get
together soon (I mean it)
so you better keep in touch.
I wish you the best of
luck in the future.
You only deserve the
best. I love you

Love ya always

I'm glad we became
better friends. And
I hope we stay friends
at graduation. We
are going to have the

that we stay in

Dawn-

What can I say? We made it and with a lot of good memories. I never thought it would go by so fast, did you? Now is when we really find out what life and the real world is all about. I already can't wait till our five year reunion! I wonder what it's going to be like, not having to hear Mrs. Ralph repeat things seven times, not having to hear her at all! Not having to eat greasy french fries while watching Chris and Dawn, make us lose our appetites, and not have to edit another movie for the rest of our lives, isn't it going to be strange? Well, I guess we'll just have to get used to it because 4 of our best years of our lives are now ending and all's that we will have are memories of it all. Over the summer we will have to stay in touch because after you start Citicorp you probably will be so busy, with not much time to go out. And since you are back with Joey now, we four will have to go out again and re-live old memories. Keep in touch over the summer and let's not let our special friendship fade away.

A friend for life,

Love Always Dawn

SAVE michelle & ok

Dawn,

Well, Mrs. Macys*, can you believe we made it? I'm not sure if I can yet. I must say it's been some year. Although we both lost someone very dear to us, I feel like I have gained something very special, and that is having you as one of my good friends. It's hard to believe how close we've become in a years time. I can't begin to tell you how glad I am. Our little "clique" will have to stay together, forever. Okay? Don't forget me, the little person, when you're a rich Court Reporter living in a penthouse. Okay? Don't ever forget all our great times in lunch. Maybe someday we'll know how to play tennis. And also, don't forget all the knowledge we've gained in History and English. You'll always be special to me.

I ♥ ya,

Michelle

Celebration For A Queen

Once again the faculty students of South Brunswick High School joined together to gain spirit for the coming season as the team and their members ran on the field the students cheered with the enthusiasm helps SBHS to give one hundred percent each year. The band, which has brought us many victories, played to the best of their ability to psych the crowd students. The teams showed proudly in the South Brunswick black and gold representing the entire student body.

To express the spirit of each class, posters were made. Much effort was put

forth to have the best class poster. It was close but

the senior class was victorious. The freshman, sophomore, and junior classes put up some good competition with their efforts to make a winning poster. As the pep-rally came to

a close some high spirit seniors made a dash across the football field to retire in the visitors bleachers. The faculty was not very pleased with this lack of spirit, but there was no harm done so it passed without trouble.

The class of 1987 took great effort in building their class float this year to try and make it the best one yet. As result, the senior class of 87 won the competition for the third year in a row. Making them the only class in South Brunswick history to achieve a victory every year they entered.

New Road in Kendall Park was once again filled with the sounds of music and shouting from student body members. Convertible cars carrying this

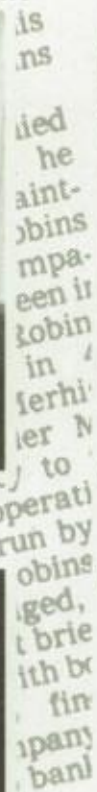

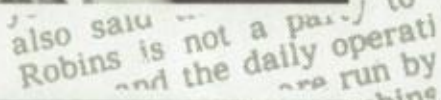

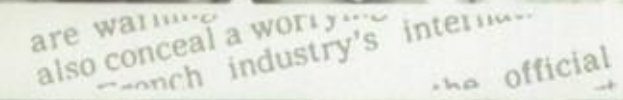

year's homecoming court followed the lead of the marching band and were trailed by creative class floats.

A very strong class rivalry has been going on between these two classes all year.

Senior Class Officers of 1987

Jodi Mendelowitz — President, Adam DiDonna — Vice President, Eileen McIntire — Secretary, Dawne Marbut — Treasurer, Mr. Kochell — Class Advisor, Lori O'Beirne — Historian

The President's Farewell Address

Come back with me if you will, to our freshman year. Remember walking down the halls as freshmen and thinking how "cool" the seniors were, and how far away our senior year seemed to be?

Well, now it's come and gone, and the years seemed to have flown by. The four years that the Class of '87 has spent together have been very special. We have grown together as a family, and our strength and love has shown through in everything we have done. The special bonds that we have built here at South Brunswick High School will keep the memory of the Class of '87 alive forever. There is a time for everything, and this is our time to CELEBRATE!!

It's a time to laugh, and a time to cry. It's a time to look back at the past, and plan for the future. I'm sure that every senior has made a space in their hearts for the Class of '87, and whether that space is large or small it is special and always will be. And I'm sure that those memories of our high school years together, that we do hold close to our hearts will keep us "Forever Young."

Best Wishes and Good-Luck Always,
Jodi Mendelowitz
Senior Class President

Class Advisor Says "Good-Bye"

To the Class of '87

It does not seem quite possible that four years with the Class of '87 could have sped by so rapidly. From having the best class float all those many years to finally being allowed to go on a class trip has been quite an exercise in perseverance. The Class of '87 contains quite a cross section of caring and conscientious individuals, most of whom respond very positively whenever something is needed for the good of the class.

I have been blessed these past four years with an extremely capable, energetic, and enthusiastic group of class officers. The time and energy expended by these young men and women has been extraordinary and is greatly appreciated by me as it has made my role as advisor much more pleasant and easier to perform. Their planning and attention to detail in our many endeavors was certainly evident by the success of each of these activities. Our dances were always well-done, well-attended, and thoroughly enjoyed by all. Our prom received rave notices. The Senior Banquet was a huge success.

Our fund raisers made good money also. All of these triumphs came about because you, the class, worked diligently and cooperatively to make them all possible.

Lastly, I am looking forward to fun in the sun with a fantastic group of fun-lovers. You people have given me a real education. It is my fond hope that in years to come, we may yet again unite in some common cause for the class of classes, the Class of 1987.

R. Kochell, Senior Class Advisor.

A night to remember:

On December 13th the Class of '87 gathered together for a night of festivity. The Senior Banquet was attended by 110 seniors and various chaperones, including Mr. Kochell, the senior class advisor. The night began with a hardy meal and continued on with dancing and surprising announcements of door prize winners. The big prize winner of Bruce Springsteen's Live '85-86 Album was Holly Marcin. The evening wrapped up with everyone on the floor rockin' to the class song, "Paradise By The Dashboard Light".

Paul, Jeff, and Alison are walking Like Egyptians

Mary Ann and Jacquie decide who is gonna win that big door prize! And the winner is . . .

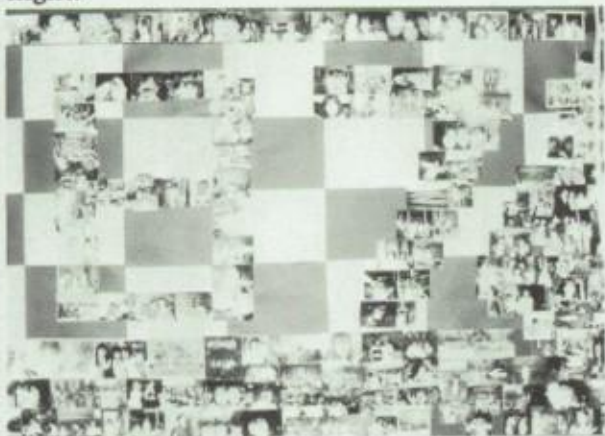

December 13, 1986

Debbie, Jon, Lisa, Mike, Lara, and Michelle show off their attractiveness on the SENIORS' special night!

Mrs. Rothfuss is amused by one of Mr. Kochell's jokes of the evening.

Sweet Memories linger on of the CLASS OF '87!

Jared and Rachel fill their night with a touch of romance.

Scott and Adam, "What are you looking at?"

WHO'S WHO IN THE CLASS OF '87

These 2 — MICHELLE SEIFERT and JEFF SALTER are often seen in many different activities. This snapshot caught them hard at work being the MOST INVOLVED Seniors.

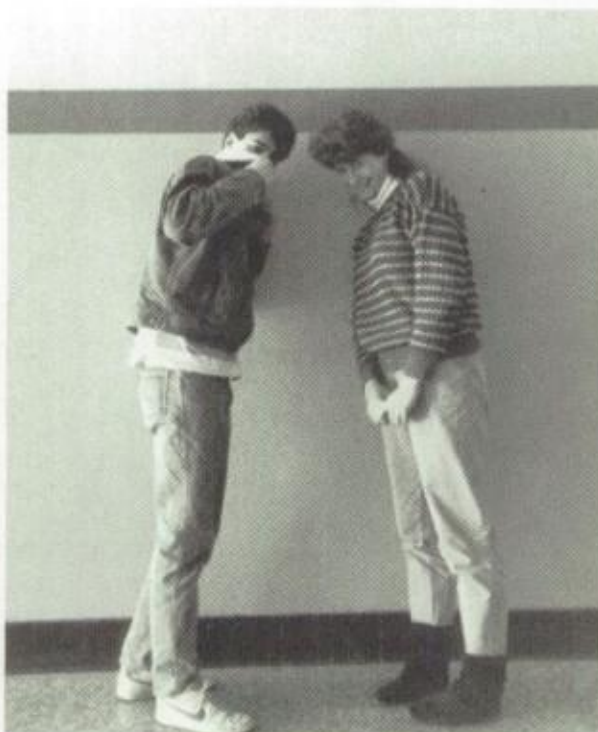

Loud voices are often HEARD BEFORE SEEN and the two most known for this in the Senior Class are JOHN MAROTTA and MARY ANN HEINZEROTH.

The ability to move the body to a musical beat and rhythm is a skill that MICHELE PANTE and DAVE GRANT were born with and show. They were elected BEST DANCERS of the Senior Class.

EILEEN McINTIRE and ADAM DIDONNA were caught in this unusual scene during 6th period lunch one day. By request they were voted MOST POPULAR by their Senior peers.

LARRY SNOW and DEBBIE FISCHER often get lost in a crowd but as you can see are still very well known to the Senior class as the MOST BASHFUL.

SANDY STELLING and ANDY HOROWITZ, the MOST DRAMATIC Seniors, were captured here in a role of overexaggeration which equals up to their nomination for being so dramatic.

Making people laugh at a joke is always a special skill, but PAUL MERROW and KIM LENZI hold a special skill of making people laugh at their laugh. They have the FUNNIEST LAUGH.

There is always someone who doesn't agree with the crowd on all occasions and often expresses their opinion. DEBBIE GRIPER and JEFF SALTER were voted as MR. AND MRS. WHINER for their ability to live up to this.

Macy's, Paul Harris, Sax Fifth Avenue, etc. are just a few places you might find our BEST DRESSED Seniors, ROB DELASSO and CINDY TSE, shopping.

Pictured here are the two MOST MUSICAL- LY INCLINED Seniors, KEITH WATL- INGTON and DEIDRE FULLER, who we hope to see in the future as the next Jon Bon Jovi and Madonna.

Gazing into the eyes of these two seniors you may get lost in a land that no one knows. DAWNE MARBUT and BOB BURGESS have the NICEST EYES in the Senior Class.

These 2 — EILEEN GARCIA and SAURABH PATEL have often been accused of being "brains" and as a result were elected MOST ACADEMIC of the Senior Class.

EILEEN McINTIRE and MATT LEUNG are always the first to wave or say "Hello" in the halls. They were voted FRIENDLIEST in the Senior Class.

We all know the two who always talk and never stay quiet. DEBBIE GRIPER and ADAM DIDONNA unanimously won MOST TALKATIVE.

Only a few selected people may ever get a chance to be "alone" with one of these two. KYM GERAGHTY and BOB BURGESS were selected as the individuals that people would MOST WANT TO BE STRANDED ON A DESERTED ISLAND WITH.

Sometime by the year 2000, we hope to see famous paintings or drawings in European Galleries by our two MOST ARTISTIC Seniors, KEN CARROZZA and SONYA TINANT.

If you catch a wink from either of these two, DEBBIE TERPPE and JOE KAPLER, consider yourself caught from the BIGGEST FLIRTS.

Second looks on the beach in those skimpy suits come often to these two Seniors, KIM FLORES and BRIAN REDFIELD who were voted for having the NICEST BODY.

JACQUIE ABRAHAM and JOHN HARDING are the seniors who EAT THE MOST BUT NEVER GAIN. They are often caught pigging out at lunch as pictured here or seen in many fast food restaurants buying 99¢ double cheeseburgers.

For advice on hair care we suggest you ask the boy and girl voted for having the NICEST HAIR, KIM FLORES and LEONARD SANDS.

Caught here are ELAINE CHENG and SAURABH PATEL in one of their most interesting scientific encounters. Their known love of science got them elected as MOST SCIENTIFIC.

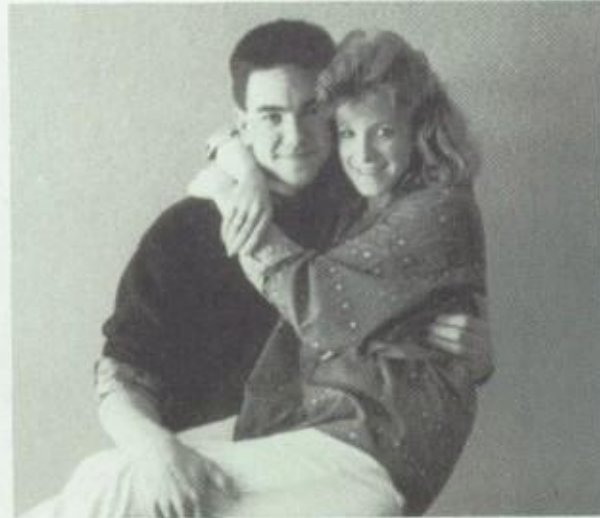

The CLASS CLOWNS, SCOTT FORSELL and ALISON BARTOLO were captured here in a silly escapade in the snow. Not only did the class recognize them as clowns but also as the ROWDIEST in the class.

JODI MENDELOWITZ and JACQUIE ABRAHAM are almost constantly seen together and have become known as CLASS INSEPARABLES. Here they are caught all dressed up together.

ROY KREIG and ADRIANE DOMARECKYJ were recognized as the **CLASS COUPLE** because of their long lasting relationship and desire to often be together.

Aaaw! They're sooo . . . Cute! That's what the people say when they see this picture of the **CUTEST Seniors, CHRIS BEAN and JAC-QUIE ABRAHAM.**

Some people develop reputations by the actions they present to others. **MARY ANN HEINZEROTH and MARC TROKE** became known this year as the **WORST DRIVERS** because of their ability to hit cars.

There are only two seniors who can play sports forever. These two are **JIM BAKER and LARA HRINKEVICH** the **MOST ATHLETIC SENIORS.**

The Cover Girl and GQ Man of the senior class are **EILEEN McINTIRE and BOB BURGESS** who were elected as **BEST LOOKING.**

CHRIS BEAN and ROY KREIG are known for just hanging out as a pair. Here in this picture these **CLASS INSEPARABLES** are captured in one of their many pastimes, Just Chillin'.

These are the two seniors that we will see on a famous toothpaste commercial in the future. **JODI MENDELOWITZ and DAVE GRANT** were voted for having the **NICEST SMILE.**

There is always someone who stands out from the rest of the crowd. Here we caught **A. J. MARCHITTO and TASHA SMITH** in their address of creativity and being the **MOST UNIQUE Seniors.**

I, Suzanne Albanir, leave Lisa Charters The Feeling Club and to Ro Ro, Karin and the 1987-1988 girls track team my support and love for an incredible season.

I, Krishnan Anantharanan, leave my detached ear lobes to Jill Duchnowski, publishing rights to the Comedy/TragedyCrew, and to Mr. Schultz, my stuffed vulture.

I, Ariem D. Anthony, leave Greg some REAL playboys, and Belvin Clark a matching outfit and a car that doesn't blow out on Rt. 1.

I, Craig Austin, leave my nose to my good friend Fred who deserves it. I leave my good looks to Mark Moore who desperately needs them. I'll leave my house to Fred because it does have running water. I leave my tapes to Dave Grant. I'll also leave my shoes to Marc Moore because he has none.

I, Nalini Azeez, leave the SBHS hallways in peace and quiet now that I'm gone.

I, Liz Baginski, leave the Seniors with the best of luck.

I, James C. Baker Jr., leave my sister Kristen my toughness and strength so that she can make it big in whatever she does, Good Luck, I know you'll do it!

Thanx. And last but not least I leave, surprisingly with my diploma.

I, Christopher Bean, really have no idea what to leave anybody so I'll leave the school this meaningless sentence. INGA BINGA BUNGA BINGA BINGA BANGA BUN-NGAAA. No wait, I think I'll keep writing and use a lot of space and make it look like I have something to leave somebody when in actuality I can't think of anything, but it will look good after my name to have this big paragraph. It must have looked good, I got you to read it.

I, Christopher Beaugard, being of semi-sound mind and body, hereby leave the following: I leave a box of rice, to be divided equally, to Maria Macre and Chuck Fahrenholz. I leave a pair of sunglasses to Ellen.

I, Andrea Boguszewicz, leave my teachers a warning — my sister will be here next year.

I, Thomas M. Lake, leave my brain to Eddie Young and my Bio and Chem skills to Rob Lake; my music talent to Denise Cannie.

I, Michael Lamberson, leave my 1975 boat to Carrie Haymond and Diane Rheinhardt so

when they drive as seniors they could bash up the car and it won't matter. I leave some stale donuts for Martha and Maria so they can find a new target. As for everything else I'm taking with me to cherish the memories of good 'ole South Brunswick High School.

I, Dani LaValva, leave Mandy Marrero a box of tissues (she knows why) and my pound puppy.

I, Albert Lee, leave Lisa Charters my VCR, and all the underclassmen Good Luck.

Junior

JUNIOR: A student in the next to last year of a high school ... And what a year it was!!!

The class of 1988 has proven that Junior year can be everything from academically rewarding to socially indescribable. Thirty-nine members of the class were inducted into the National Honor Society this past December. The French and Spanish Honor Societies accepted a total of twenty-one students into their organizations. Besides being busy with academics, students in the class spent each Wednesday participating in CIPED, a career development program. They traveled to various locations where they experienced different types of employment. The students went to places like Holiday Inn in Jamesburg, Just Because Flower Shop in Franklin Park, East Brunswick Racket Club, and Mooshka, a clothing store in Princeton. A few Juniors remained in school where they further enhanced their talents, such as Project Talent Dance or Project Talent Photography. The dancers displayed their fine accomplishments in a show at the end of the school year.

The Juniors spent a great deal of time on their homecoming float. They built an enormous "Ice cream float" which carried banners reading "Cream the Falcons." It was a true inspiration for the football players that afternoon at their homecoming game. The class held their candy sale fundraiser during October. They raised a great sum of money, some of which was used for their class trip at the end of the school year. They also sponsored the prom which was held on May 24, 1987.

The past school year was filled with good times and excitement for the Class of 1988. There were great parties and other terrific times. Finally the summer had arrived, and everyone was warned ... **WATCH OUT** because come September these Juniors will be Seniors, and they're out to prove that Senior year can be **UNFORGETTABLE!**

Sophomore

Sophomore Sabbaths: S.Lanza, K.Young, L.Gallagher, D.Zicky, M.Stern

The Sophomore class, class of 1989, worked towards making this year the best one possible, and they have certainly achieved their goal. From the moment they stepped into South Brunswick High School on September 5, 1986, their spirits soared and they knew the upcoming school year would be outstanding. They were no longer the, "Bewildered newcomers," but had now become experienced high school students. As the year progressed, things got better — an even closer relationship formed among the members of the class.

The Sophomores contributed to the Homecoming parade by building a sensational float. The students that rode on the float had a wonderful time as they yelled, "Cage the Falcons!"

A few of the Sophomores were also involved in a secret activity going on in the school. Five Sophomore girls who made up the, "Sophomore Sabbaths," helped boost school spirit by decorating the hallways with streamers, balloons, and posters. Their identities were kept a secret all year long.

The class pulled together and raised a considerable amount of money from a candy sale fundraiser. Part of the profits that were made were used for their class trip this year. Future activities, such as the 1988 Junior/Senior prom will be partly financed by the remainder of the profits. Although the Sophomores are excited about summer vacation, the class is (anxiously???) looking forward to their Junior year at SBHS.

AFTER A WEEK OF LEISURELY DRIVING, JAN AND CALUCAS ARRIVE IN SANTA ROYALE.

ACCORDING TO HAM'S DIRECTIONS, THE APARTMENT IS JUST BEYOND THE COUNTRY CLUB, JAN!

"I think I'm lost!" A statement made by almost every Freshman at on time or another. During the first week of September, brand new faces entered the halls of South Brunswick High School-"Freshman Faces!" These bewildered newcomers had quite a time adapting to the changes around them. Junior High seemed to be so much simpler. Now they had to deal with unfamiliar surroundings. Who would have thought that one school could hold so many people and have so many different rooms!

However, don't think that they were frenzied Freshmen all year long. It took some time, but, eventually, they fit right into place. The class of 1990 built a fantastic homecoming float which involved a lot of time and effort. The float was most definitely an admirable piece of work. During November, the Freshmen managed to pull together and defeat all the other classes in raising money for OXFAM, the famine relief fundraiser run by NHS.

Finally, with the arrival of the end of the school year, the Freshmen class found itself ready to go onto the next stage of high school. When they officially become Sophmores, they will smile knowingly when they hear those new voices echoing through the hallways... "I think I'm lost!"

A final farewell . . .

Our principal, Mr. Richard A. Kaye

Dear Members of the Class of 1987:

As I sit down to put my thoughts together for this yearbook edition, I am suddenly hurdled to the realization that Commencement 1987 stands ahead. My first reaction is that it is all happening too quickly. At the same time I understand the excitement that you feel in awaiting news and finalizing plans for a next step after high school graduation. This is a very exciting time with a range of emotions that are complicated, private and yet shared by everyone from past classes and those yet to come.

The peace in our lives and the social conditions that are emerging with many signs of stress upon human beings cause me great concern. As an educator, I have always hoped that we can make the future better and give young people the opportunity to enter a world that understands the meaning of humanity, allows for individual development, and provides greater opportunities for the individual. I still believe that. However, more and more, I understand the difficulty in

helping teenagers face the reality that opportunities ex lead to honest communication and the risk taking that must occur as we explore our own potential. Certainly we may falter. Yes, we will not succeed at every point, but the will to continue, the belief in self, the knowledge that it is possible to find assistance and comfort from others must be so strong that the human qualities allow learning and cognitive growth to occur.

Our high school is a very complicated community. It has all the issues of society being lived out in

our corridors, classrooms, and personal relationships. We have found way at South Brunswick High School to care about each other, trust each other, and be honest with each other. That support system knows no difference based upon academic ability, physical dexterity, economic resources or personality characteristics. We are a school of many different people. I am proud that our school supports the individuality and equal value of each person.

A man whose office we'd all rather avoid.

The Student Activities Staff: M. Marbut, C. Hunt, N. Scandvik, T. Biddle, F. Petrillo

The joy and doubt of an emerging future will always be present. I face new ventures with the same series of questions, plus an experience base that may give me some more data. My wish for each of you is that you maintain the ability to dream and to work towards the accomplishment of your dream. I know that you each have the potential to improve the quality of life on this planet by the way you live and the manner in which you extend all of your personal qualities to one another as human beings. I have learned very much from all of the students with whom I work, but most of all I have come to respect the ability of the high school student to be honest, to have a real sense of what is possible, and to recognize that there are so many people who face a new day with much less than we.

Enjoy your senior year and the people who are important to you. Never be ashamed of the capacity to love and to feel the emotions that are the basis of our humanity. Strive for the very best, but remember that the very best is not merely class rank or the acquisition of another material object. Value the true relationship of a friend and understand that the fear, hope and anxiety of parenthood is a universal condition and one that you may come to understand intimately in the future.

Our high school has much to be proud of and the capacity to improve. Give us appropriate feedback. I hope we have earned your respect and affection.

Sincerely yours,

Richard A. Kaye

English Department under expansion

ENGLISH DEPARTMENT — Along with the classics, we have three new teachers joining the staff this year. Mr. Palmer who teaches Freshman and Junior English Classes; Mrs. Yaeger who has returned to SBHS after having left to raise a family, teaches Freshman and Sophomore English classes; and Ms. Krase replaces Mrs. Suydam while she leaves temporarily to have her baby. Best of luck to her and her new baby.

In other news, the English department had introduced a Comedy Course to this year's curriculum. The class is taught by Mrs. Suydam and it looks at different styles of humor by reading books, short stories, essays and viewing films. Also, the English Lab is in full swing this year. Teachers in the department work with students needing help in writing during their free periods. The Lab has been in existence for quite a while, however, students have only taken advantage of the facilities this year.

Mrs. Suydam edits Renee Zaccarelli's paper.

SCIENCE DEPARTMENT — November 15, there was a Peace March for Nuclear Disarmament. The March was throughout the United States beginning in California and ending in Washington D.C. The people participating were common people with one shared belief — World Peace. As peacemarchers from all over traveled long, treacherous miles in the cold and heat, they made a strong statement which echoed throughout the country. Three peacemarchers from New York en route to Washington D.C. stopped here at SBHS to discuss the reasons why it is important to disarm nuclear weapons so we can achieve world peace. Students interested contacted Mr. Sears and Mr. Cereguas for information and details about the March. Laurie Marr, Kelly Owens, and Jason Rhodes, three students from Mr. Cereguas' IPLE class participated in the March and watched the conclusions in Washington D.C.

WARNING: These two unidentified teachers have escaped from the SBHS Science Department. Be on the lookout!

Record breaking tradition in social studies department

SOCIAL STUDIES DEPARTMENT — During the week of November 17, the spirit of giving filled the cafeteria as the sounds of coffee cans rang loudly in all lunch periods. This year IPLE collected money for its Annual Holiday Fund Drive for the needy people of South Brunswick. The Students in Mr. Cereguas and Mr. Klein's IPLE classes collected money during lunch periods and successfully reached their goal of \$1000. As promised, Mr. Caffrey shaved his seventeen year old moustache for the worthy cause. His deed motivated most of the students to donate money — especially his past and present ones!

History Department goes coed!

A breakthrough has been accomplished in the social studies department — it has gone coed! For the past 25 years, the history department has consisted of all male teachers, until Mrs. Beth Sabo taught here. Ms. Joyce Sheridan has now replaced Mr. Brewer who moved to Chicago in the earlier part of this year. Watch out Sandra Day O'Connor! Here comes SBHS' newest history teacher!

Mr. Brewer left us with a happy smile.

MATHEMATICS DEPARTMENT — Nine plus three equals a great math department. This year's team consists of three more math teachers: Mrs. Berliner who teaches Geometry, Fundamentals of Algebra and Geometry I and III; Mr. Whitlen who teaches Basic Math, Algebra I, and Fundamentals II; and Mrs. Henyon who has returned to SBHS after 14 years and teaches Topics I and Geometry. Welcome aboard and hope that SBHS brings a promising and fun filled future.

BUSINESS DEPARTMENT — "We've come a long way" is how the department feels about their recent progress. Computers are the future and the courses available allow the college-bound student or those planning to go into business careers an opportunity to get familiar with computers. The typewriter is no longer used in the classrooms, they now use microcomputers and word processors. Also, business courses are no longer taught strictly from the textbook. Starting this year, the upper level Accounting classes have been supplemented with accounting lessons on discs. This is fun and new for the students, while at the same time prepares them for the future.

Library

LIBRARY DEPARTMENT — The library is no longer just a place to take out books or a quiet place to study. The Computer Lab is a new addition to our high school library. The Computer Lab consists of the Dow Jones system, Apple, IBM, and Commodore computers. Also, the Lab features many discs, manuals, and magazines that aid students in computer activities. In charge of the Lab is Ms. Crownover who helps and teaches the students the uses and operations of the computer.

Since there are such rapid advances in information, many students opt for computers. There are programs in various subjects such as Math, English, Science, and Social Studies. The Lab also has programs dealing with HPST and College Entrance Exam reviews. The Computer Lab is open during all periods of the day and after school until 3:30 pm, so stop in and check out the tools of today and of tomorrow.

PROJECT PROMISE DEPARTMENT — Project Promise is an alternative education program for students which provides individualized attention, a comfortable environment, and counseling sessions. The unique program allows students to have more interest in their education and to be more socially involved.

Some of this year's activities included a bowling tournament, a ski trip, counseling lectures, and field trips. The department also has a special program in order to cut down tardiness to classes. Their system has proven to be highly effective and many students have improved their attendance records. Students get awards and prizes when they are on time to class for a period of ten continuous days. Congratulations to all the winners!

New plans for the department include Project Promise students talking to elementary and Crossroads students about the dangers of drugs and alcohol. The program will be helpful to both groups of students.

Industrial Arts

INDUSTRIAL ARTS DEPARTMENT — "We're advancing our technology for the late eighties," says Mr. Logan, Chairman of the department. This year, all courses offered in industrial arts have upgraded their equipment to enhance and update the curriculum of the classes. The Employment Orientation classes received a new computerized cash register this year. The students find it very useful because it prepares them for employment in supermarkets and in department stores. The department purchased an "eye tech" camera for the Graphics course. The new machine can make printing plates in the open classroom, therefore, no longer is a darkroom required. The classes also have a new MacIntosh computer with laser printer. This allows students to do layouts on the computer rather than manually drawing them. The Auto Shop has a new modernized brake system this year to fix car brakes. Also, the classes have a new Scope to conduct a diagnostic examination of

the car in order to find problems that need to be repaired. Drafting classes have updated their CAD I (Computer Aided Drafting) system to CAD II this year. This enables students to draw by computer. The computer enlarges and decreases the size of pictures, gives dimensions, and other technical phases of drafting. The drafting course also received a new multi-colored screenprinter this year. And finally, the Metal shop has a new computer, also. The Numerically Controlled Computer (CNC) system allows students to make parts by programming the computer. The machine is very useful in industry and most large companies have them. Students enjoy working with the new computerized system because it is easier to use and prepares them for the technology of the future.

Scheduled for next year is an introductory course in horticulture as part of the Employment Orientation curriculum. Students will learn the basics of planting, plus skills and values needed in the job market.

Yearbook '87 **** Teaming up for the first time, J. Richards and M. Yablonsky star in this drama of the warm friendship shared by two teachers and a small group of students. Together, they face the pressures of meeting deadlines, the anxiety of receiving their pictures, the frustrations of creating layouts, and the relief of finally finishing their sections. The highlight is the creation of the best possible yearbook. Share the happiness and disappointments of this moving drama. Nominated for Movie of the Year.

O.V.E.N. **** Starring L. Fekete and L. Cavanaugh, this movie has been called by many experts "the comedy of the year." A hilarious story about a high school freshman's adventures in a Creative Cooking class. The entire school year is full of jumbled ingredients, wrong sized pans, wrong temperatures, and distorted recipes. Finally, he prepares his "ultimate" creation for his final exam and a blast it is! A must-see!

A Story of Champions **** The husband and wife team of M. and G. Kraft team up and give the performances of their lives in this film about a couple's efforts to unite a group of young high school students. Their striving efforts to raise a different kind of family, a family of 100 teenagers who are the members of a small town high school marching band. Together this family overcomes the hardships and tragedies they face day to day. Share their experiences. Nominated for two Emmys, *A Story of Champions* is a sure winner! This year's Vikings ended the season with an 0-9 record. However, this does not exemplify the team as they really were. They were true winners in all aspects.

Their competitiveness gave them the courage to go out on the field and give it 110%. The senior leadership directed the team to stay together and act as one.

They had three tough games against North Brunswick, Carteret and Highland Park in which they played outstanding. The players individually were awesome from sophomore Andrew Goldsmith to junior Greg Dohanec to senior Roland Burnett.

This year, a firm foundation was built on the shoulders of five now experienced sophomores. The coaching staff under Mr. Nick Scerbo showed the team that it doesn't matter if you win or lose, it's how you play the game. But most of all, the attitude to win is now coming from the heart. Look out next year North Brunswick!

For the first time this year, they enthusiastically cheered on the boys Varsity soccer, which helped them to a state championship.

The senior captains Michele Pante, Debbie Griper, and Kym Geraghty did a great job and will be missed next year.

On October 29, 1986, the Varsity Vikes beat Montgomery 2-1, giving coach Nyitrai his 200th victory. His overall record now stands at 200-104-27.

The team finished the season with a 9-9-0 record. Captains Adam DiDonna and Jeff Salter led the team through a competitive fall season, beating such teams as Bishop Ahr 5-3, Colonia 5-1, and South Plainfield 3-0.

As for tournament games, South Brunswick was defeated by Hoffman 2-3 in the county tournament, and Allentown 0-2 in the state tournament.

Freshman Gordon Gons led the team with the most number of goals scored. Senior Jeff Salter led the team with the most number of assists after leaving his position as goal-keeper midway through the season. Halfback Matt White controlled the midfield along with Jeff Juris. As a sophomore, Shawn Panson replaced Salter as goalkeeper.

Jon Grandin led the scoring for the Vikings with 14 goals, followed by Chris Hendrickson with 7 goals. This year's team had three captains: Jon Grandin, who played center forward, Chris Hendrickson, who played left wing, and Robert Klein, who played center fullback.

Another Viking goal!!

For the first time in their five year history, the Girls' Varsity team finished the season with a winning record. Including the County and State tournaments, their final record was 11-6-2. South Brunswick was defeated by Bishop Ahr in the Counties 5-0, And Delran in the States 7-0. As for the regular season, the Lady Vikes, for the first time, beat their arch-rival North Brunswick 2-1. They also came within six seconds from beating undefeated Bishop Ahr; however, a Bishop Ahr forward kicked in the tying goal in the last remaining seconds. The other tie occurred against tough competitor Monroe. The game remained scoreless even after double overtime.

Maria Russo anchored defense in goal with Gallagher, Stelling, Uiberall, and Hrinkevich supporting her as fullbacks. Halfbacks Dezan, Stam, Young, Smith, Logan, and Markham not only played defense, but also contributed to the scoring. Leading scorer was Patty Leung, followed by Natalie Mould and Stacey Lanza.

The girls' tennis team finished with an outstanding record of 19-2. Their two losses came from J.P Stevens and Cedar Ridge (in the state tournament). First doubles team Leslie Citron and Jane Kuzma had an excellent showing in the greater Middlesex county tournament by making it to the finals. The duo was also named to the first team white division and first team all-conference.

First singles player Kristin Baker was also named to the second team white division.

The rest of the positions were filled by sophomore Dara Elkin at second singles, senior Elaine Cheng at third singles, and juniors Diane Gross and Keri Bittner at second doubles. Coach Whitman was given the honor of Coach of the Year by Middlesex county.

In past years, the cross country team has had difficulty with a lack of people joining. Although the fall season only provided a seven girl team and a minimal five boy team, both consisted of dedicated and fairly new runners. With the daily training of well over five to six miles and 3.1 mile races twice a week, a lot of hard work and determination is required for improvement.

The girls' team will be graduating their top runner Debbie Fischer (Capt.), along with seniors Michele Gindraux and Suzanne Albanir, but the remaining team members hold excellent potential for future seasons. Runners like Lara Settles, Jennifer Baylis, Marta DeBari, and Maria Macre succeeded in having a rewarding first season.

For the boys' team, Jon Zimmerman (Capt.), Brian Pulcine, James Mitchell, Reese Munday, and Eddie Smith had to put forth extra stamina and energy to keep the team going. The team will be graduating leading runner Jon Zimmerman and senior Brian Pulcine; however, the returning alumni that will be running next season show promise for a prospering team.

Boys make county playoffs

Just a little higher up!

Can I reach it???

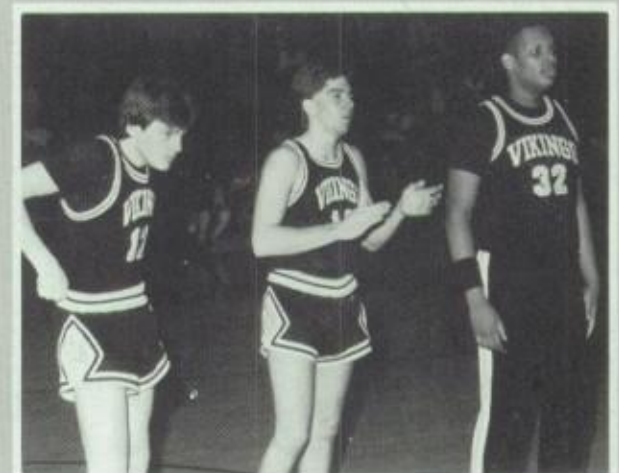

The South Brunswick basketball team surprised a lot of people this year since they finished this year with an awesome record.

For the first time in over six years, the boys' team qualified for the state and county playoffs. Much of the team's success was due to three transfer students: David Hornaday from Indiana, Marc Moore from Franklin, and Donnell Lumpkin from Maryland. They composed a majority of this year's starting line-up. The other starters were Tom Martin and Rich Altamura, who both played guards. This was Tom's second year of Varsity while Rich, only a sophomore, made his Varsity debut this year.

The Vikings finished fourth in the Blue Division of the Greater Middlesex County. They were beaten in five games with New Brunswick, Metuchen, and Carteret. Another highlight of the hoopsters' season was the qualification for the county playoffs.

Next year coach Tom Carpenter can look forward to another successful season. Only one starter will be lost due to graduation. The boys' basketball program is now growing and progressing and with continued support they will be a dominating team in the county and state in the years to come.

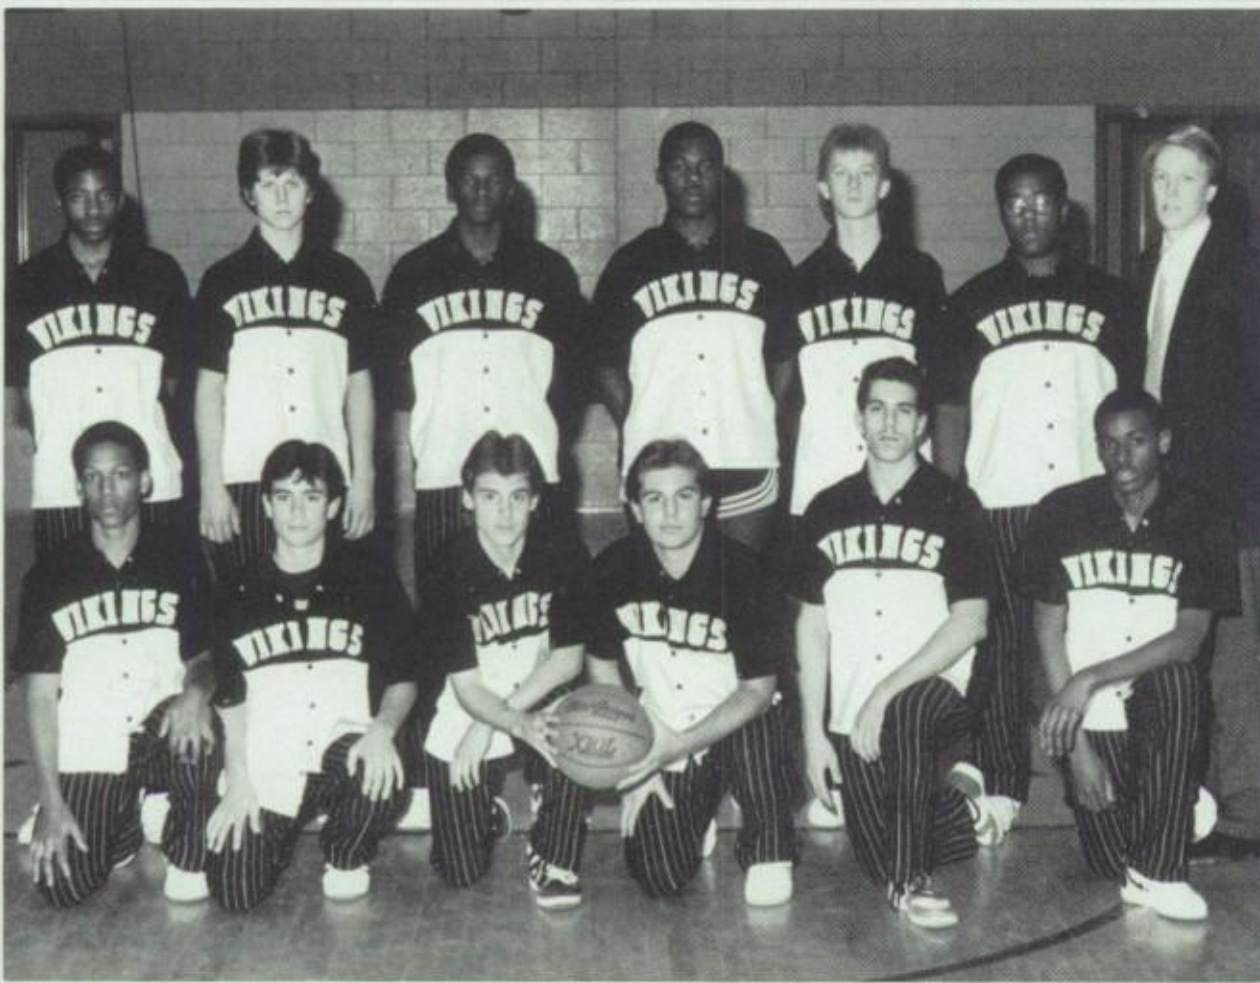

Is there a problem here!?

J.V. ends season with a 5-13 record

BOTTOM ROW: J. Waldron, S. Fatigante, C. Hendrickson, S. Panson, G. Pilatto, L. Wadell.

This year's Junior Varsity team finished with a 5-13 record. Despite the losing record, the boys displayed a positive attitude and good work ethics.

The team was led by guard Chris Hendrickson and center Josh Baccus. These two had very exceptional seasons, leading the team in scoring.

Rookie coach R. Chromey felt the reasons the team was so unsuccessful was the lack of consistency and experience (all Sophomores). "We would have one cold spell and that would be enough to beat us."

Next year's Junior Varsity team looks promising with the fine bunch of freshmen coming up.

Freshmen pride

The game of basketball is a game of giants. You've got your Manute Bol's at 7 feet plus, your Charles Barkleys who are about as wide as they are tall, and your Michael Jordans, who can jump high enough so eyes are leveled with the 10 foot high rim. But basketball is not just a game of size or ability, it's also a game of heart. That's where the freshmen basketball team of South Brunswick High School ranks #1 among the big boys.

When practice started in December, the team was not a team. Each and every member worked hard. After what seemed to be a million hours of practice to them, they got to show their stuff against Carteret. For the first half

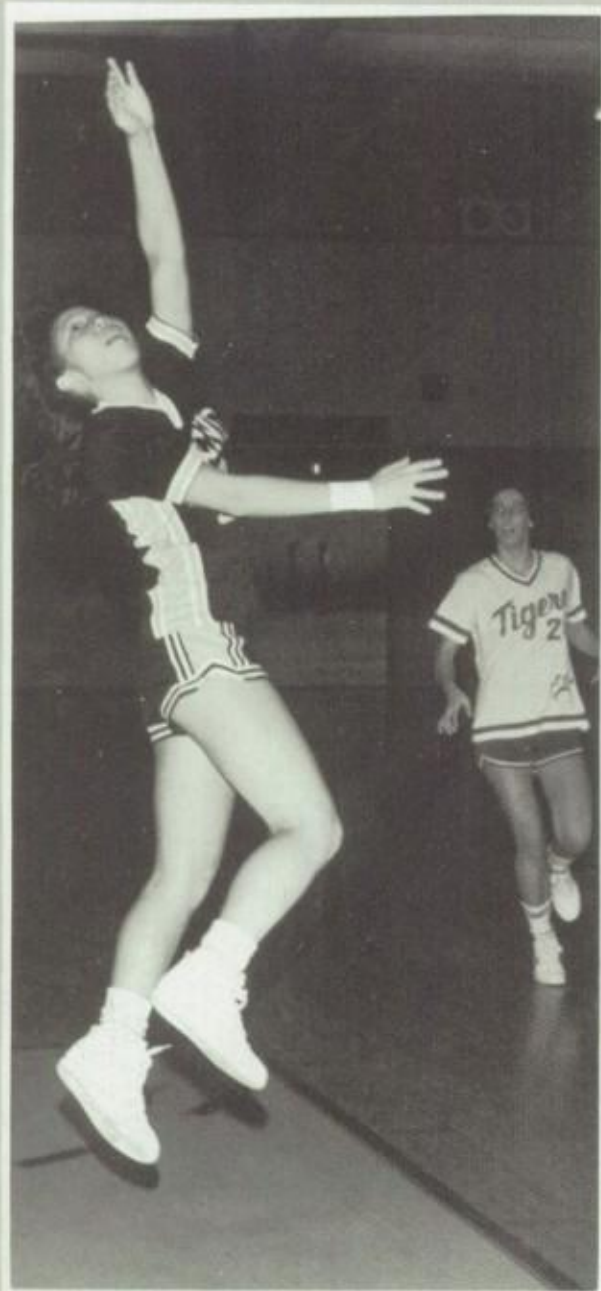

of the game, they dominated the court. But by the fourth quarter, the game seemed to be slipping through their fingers.

The New Brunswick game which seemed to be an easy win for the Zebras turned into a triple overtime, last second defeat.

Yes, they had heart and their share of talent. McCracker, Hadrick, Gons, Blue, Secora, and Ryoo supplied the team with the best.

Speaking for the entire team, a special thanks goes to SBHS for backing them through their first season. And also to coach Larry Witlan for coaching them to a successful season.

Patty Leung goes up for a lay-up.

Melanie DeMaio looks to fake out her opponent.

Lady Vikes get new coaching staff

The Varsity girls basketball team had a trying season this year. Although the team suffered through 19 loses, and, at times the spirits of both the coaches and players sagged a bit, the loyalty to the team never ceased. The team stuck together due mostly to the new coach and assistant coach.

This is coach Richard Hague's first year as head coach for the Lady Vikes. New also is Patty Adorna, the girl's J.V. coach. Both plan to continue their stay at SBHS for a while, and the team is lucky to have them!

The Varsity consists of four seniors and a handful of sophomores. The seniors are: Tami Smith, Lara Hrinkevich, Melanie DeMaio, and Melissa Smith.

The only sophomore to start on Varsity is Patty Leung. The remaining sophomores are: Ti Nguyen, Cheryl Pulcine, and Lisa Uiberall. Lisa Gallagher, another sophomore who played Varsity, had to end her season early because of a skiing accident.

The future for the girls basketball program is looking up, Mr. Hague feels. And if he and Coach Adorna continue here, it definitely should!!

Although they were small in numbers, dedication and determination helped the J.V. team survive their season record of 5-14. The all sophomore team, consisting of only eight girls, showed much improvement as the season progressed. The girls played tough and were rewarded by wins over teams like Monroe, Spotswood, and New Brunswick. They played in several challenging games, losing in overtime or by just one basket.

Such players as Cheryl Pulcine, Lisa Gallagher, Ti Nguyen, Patty Leung, and Lisa Uiberall also played with the Varsity squad. Their improvement leaves them with nothing but high hopes and anticipation for an even better season next year.

Freshmen end with winning record

The freshmen girls basketball team had an amazing record of 6-4. It's the best record S.B. has seen in a long time. They were a winning group, not only because of what the scoreboard read, but because they played as a team. Some didn't get to play as much as they expected, but they always showed their team spirit for those playing. All of the players, including the team captains Cheryl Michalski and Michele Lanza, made the team a success. The team had a good year and look forward to a successful 1987-88 season.

Coach Elvin Washington entered the 1986-1987 wrestling season unaware of what to expect as first year coach of the young team. Carrying only two seniors: captain Doug Wickman (158 lbs.) and transfer student Charles Godwin (188 lbs.), Coach Washington had to rely on newly acquired skill much more than he could depend on past experience. Wickman, the only four year veteran grappler acquired a 14-6 record and was the only Viking to be seeded in the GMC tournament. The Viking wrestlers never gave up as they began to turn their season around by winning two matches at the end to the regular season.

Because there were only four upperclassmen on the squad this year, the younger Vikings will be able to use their competitive experience to their fullest advantage in years to come.

Next year looks brighter as sophomores Howard Keller (107 lbs.), Jeff Ginsberg (115 lbs.), Jason Moore (122 lbs.), James Wallace (129 lbs.), and Todd Greene will return to the mats with at least one year of strong Varsity competition behind them.

The interest of this year's freshmen such as Glenn Donnelson (101 lbs.), Dave Mittenhal (115 lbs.), James Gravgared (141 lbs.), Rich Hague (170 lbs.) and Peter Stelling (Hwt) on the Varsity level will supply the much needed experience and depth for a more solid squad in coming years.

Other wrestlers gaining experience were juniors John Saccenti (148 lbs.) and Charles Rowe (170 lbs.), sophomores Tony Zea (122 lbs.), Paul Sackaroff (129 lbs.), James Anglin (148 lbs.) and George Blue (170 lbs.) and freshmen Chris Belding (115 lbs.), Chris Cerchairo (122 lbs.) and Danny Godwin (134 lbs.).

Winter track snowed in

Through the cold and the snow the 1986-87 winter has brought, the winter track team has trained and competed undaunted. The single outdoor meet that was completed at the open of the season was against Carteret, where the boys were defeated and the girls did not have an official team score.

However, the girls team had the

opportunity to compete indoors at the State Relays, G.M.C. Relays, and at the G.M.C. and State Championships. At the G.M.C. Relays, Debbie Fischer and Roseann Cetta received 2nd in the high jump, and joined Michele Gindraux and Kelly Wollard for a 5th place finish in the shuttle hurdles. Then the girls followed with an impressive 3rd place finish in the 4x200 with Lisa Charters leading off, followed by Karen Young, Michele, and Debbie. The lady runners also fared well in the G.M.C. Championships, where the team finished in 6th place overall. Senior Debbie Fischer led the team with a 3rd place in the high jump, followed by Lisa Charters finishing 4th in the 55m dash. The quartet of Lisa, Debbie, Karen, and Michele rounded out the meet finishing 3rd in the 4x400 relay. The State Championship brought forth a personal best for Debbie Fischer with her best of 5'0" in the high jump for 4th place, and Roseann Cetta hurdled her way to a 5th place finish, allowing both girls to advance to The Meet of Champions against the top competitors in the east.

With the boys, there was a little bit of difficulty this year with the minimal size of the team. They

traveled to the G.M.C. Relays, G.M.C. and State Championships. Everyone trained and put their best effort forward at the meets and are looking toward the spring months ahead for a better season. The only freshman team member, Eddie Smith, performed promisingly in the 1600m in two of the three meets and ran incredibly well throughout the season.

Overall, the 1986-87 winter track season was a time for training and preparing, and both the girls and boys track teams look to the warmer weather ahead with determination and a bright outlook.

MVP Phil Simms led the Giants to a Super Bowl victory

Game 1: What this Series did figure to be was a pitcher's series, and that it definitely was in Game 1 when the Mets Ron Darling and Red Sox Bruce Hurst hooked up. Darling won 15 games and had 13 no-decisions. From mid-September until the end of the season, he was involved in two 1-0 games, both of which NY lost. That's exactly what he lost by on Saturday in the series opener. Darling, who pitched masterfully, was finally undone when Tim Teufel, who plays 2nd base for NY, let Rich Gedman's ground ball roll between his legs, allowing Jim Rice to score from second base. Darling had walked Rice and then wild-pitched him to second from where Rice easily beat

The Mets deny the Red Sox their first World Series in 68 years

On January 25, 1987, Phil Simms led the NY Giants to a 39-20 victory over the Denver Broncos. Simms completed 22 of 25 passes for 268 yards and three touchdowns. His completion percentage of 88% stands as the best in NFL history.

Twice during the second quarter, the Broncos had the ball inside the Giants' 5 with a chance to extend their lead, but two missed field goals by Denver's Rich Karlis seemed to take away his team's momentum.

At halftime, Denver held a 10-9 lead. However, nine plays after Denver kicked off to begin the second half, Simms found Mark Bavaro with a 13-yard scoring pass, and the Giants led 16-10. Later, Raul Alegre's field goal gave the Giants a

19-10 lead.

After Denver failed to get a first down, the Giants took over at their own 32. Five plays later, Joe Morris scored from the one yard line to increase the Giants' lead to 26-10. During the third quarter, the Giants outgained Denver 163-2.

Elvis Patterson intercepted a John Elway pass on the first play of fourth quarter, setting up Simms' third touchdown pass of the game. This pass was intended for Mark Bavaro, but the Giant tight end fumbled the ball, then watched as teammate Phil McConkey made a diving catch.

For the third year in a row, the AFC defeated the NFC in the Super Bowl.

Darryl Strawberry's throw home for the game's only run.

Game 2: Saturday's game of Darling versus Hurst had been a proper duel, but Sunday's match between Dwight Gooden and Roger Clemens promised to be one of the best in World Series history. Instead, it was one of the worst. Boston got 18 hits. Gooden was gone by the sixth inning after allowing six runs and eight hits. In the fifth, Gooden gave up a two-run homer to Evans. Clemens a 24 game. game winner, didn't last the fifth inning, having given up three runs on five hits and four walks. The final score of Game 2 was 9-3.

See METS, p. E167

METS

(continued from page E166)

Game 3: The Mets had 13 hits, a 7-1 romp behind Ojeda, over Boyd. Ojeda became the first pitcher to appear in a series against the team he played for the previous season.

The Bosox turned out not only to be powerless against their former teammate, but they also embarrassed themselves when in the first inning, having trapped both Hernandez and Carter off base on a ground ball, they failed to catch either of them. Lenny Dykstra had hit a home run as the game's leadoff hitter, and with the help of the bungled rundown, the Mets emerged with a four run inning.

Game 4: In a 6-2 win over Nipper, the Mets had 12 hits. Nipper, who missed six weeks of the season with a cut knee, performed quite respectably. He shut down the Mets for the first three innings, then gave up three runs in the fourth. His successor, Crawford, served up a two-run homer to Lenny Dykstra. Darling, the winning pitcher, shut out the Sox for seven innings. This was the fourth straight win for the visiting team.

Game 5: The home team finally won on Thursday, giving Red Sox' Hurst his second win with a score of 4-2. This was the last game of the year at Fenway. There was a sense of high anticipation in the air. The Sox were up, three games to two, and because their manager had been wise enough to start Nipper, they were going into the last two games with their pitchers in peak condition.

Game 6: Somehow, in all the confusion and excitement, the Mets won 6-5 in 10 innings and tied the Series. This was hardly World Series play at its most efficient; there were five errors. In addition, in the very top of the first, a parachutist in canary yellow, carrying a placard that said LET'S GO METS dropped from the

skies above Shea.

Schiraldi, the pitcher for Boston, quickly got two outs in the bottom of the 10th. Boston was leading by two runs. Carter, the would-be final out, hit a single. Then Kevin Mitchell looped an inside fastball into center for another hit. With two strikes on him, Knight singled to center and Carter crossed the plate, making the score 5-4. Mitchell reached third on the play. Schiraldi was replaced by Bob Stanley on the mound. Next at bat was Mookie Wilson, who nearly got hit by a pitch. The catcher lost sight of the ball, and as a result it got away from him, allowing Mitchell to score. With a count of 3 and 2, Wilson hit the ball, which skipped under first baseman Bill Buckner's glove and between his legs. Ray Knight hopped crazily home with the winning run.

Game 7: There were two outs in the ninth inning Monday night and the Mets were ahead for good, 8-5, in the last game of the World Series. Boston held a 3-0 lead until the sixth inning. In the sixth inning, consecutive hits by Lee Mazelli and Mookie Wilson and a walk to Tim Teufel loaded the bases. Then Keith Hernandez hit a ball to center to score two, and Gary Carter looped another ball to right. That tied the score.

Leading off the seventh, Ray Knight lined a fastball beyond the left field fence for the tie-breaking run. Knight, who was named the Most Valuable Player of the Series.

Conner brings the America's Cup home

The America's Cup is America's once again with much thanks to Dennis Conner and his crew.

In Fremantle, Australia at one of those miserable moments when you think that nothing else could go wrong, an inflatable boat roared up to Kookaburra III on the last leg of race three and a man yelled, "You've got a bomb on board. What do you want to do?"

Kookaburra skipper Iain Murray's Australian crew was so far behind Stars & Strips, on their way to a third straight defeat, that Murray's response was, "Well, what's the bad news?" However, the bomb threat turned out to be a hoax.

Yankee technology and Conner's skill had obviously produced a boat that was far ahead of Kookaburra III as Australia II was ahead of Liberty when the wing-keeled Aussie wonder stunned the sailing world by beating Conner and taking the Cup Down Under in 1983.

Ben Lexcen, the man who designed Australia II and broke a 132 year American winning streak, watched Kookaburra III trailing hopelessly behind the big, blue Yankee vessel midway through the race.

The twelve meter yacht, Stars & Stripes passed Kookaburra III in the last race and completed a 4-0 sweep for sailing most prized trophy.

Stars & Strips had to deal with light, moderate, and heavy winds during the final series, but they were able to hold the lead for 12 hours, 50 minutes, and 43 seconds of sailing while Kookaburra III led for only about 30 minutes of sailing.

Class of 1990

The Envelope Please . . .

As the melody of the "The Greatest Love of All" rang softly through the air, members of the 1986 homecoming court; Elaine Cheng escorted by Jason Rhodes, Leslie Citron escorted by Adam Didonna, Eileen McIntire escorted by Jeff Salter, Michelle Seifert escorted by Rob Delasso, Sandy Stelling escorted by Ron Weisenberg, and Sonya Tinant escorted by Chris Bean waited anxiously for the outcome of the voting for the 1986 homecoming queen.

It was a typical fall day where cold feet and red noses were part of the setting. Earlier that morning in cars and on foot, participants and spectators of the parade cheered noisily as the class floats and convertibles led by the marching band made its way down New Road headed for the Kendall Park Shopping Center.

The 1986 Homecoming Court.

Excitement and a sense of competition filled the air with the float and homecoming winners yet to be announced. Although hard work and creativity were evident in all of the floats, the class of 1987 won successfully for their third consecutive

year.

As the drumroll sounded the crowd held their breath, crossed their fingers and erupted into cheers and applause, as Eileen McIntire was announced the 1986 homecoming queen.

Getting pepped for the rally

Throughout the week of September 22 South Brunswick High School students dressed in various ways to show class spirit. This was all a part of what is known as Spirit Week.

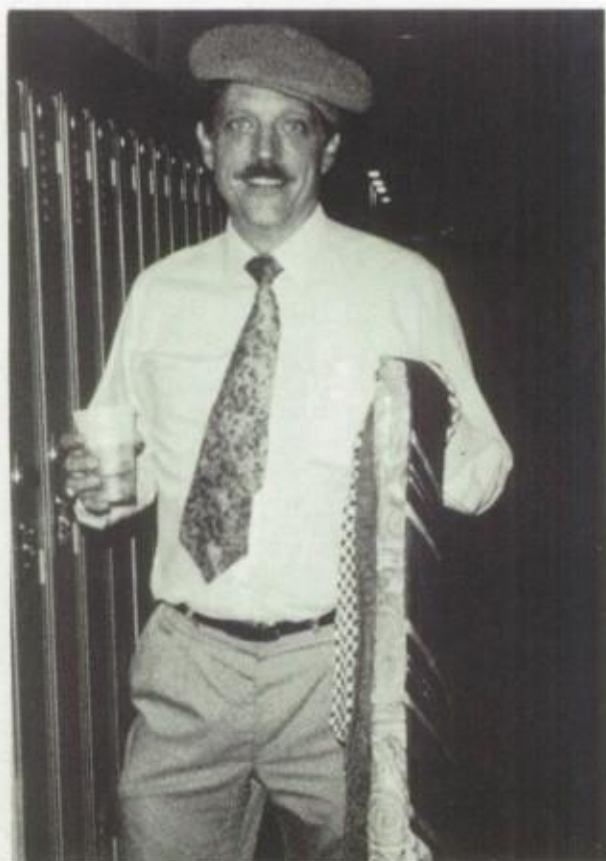

The week began with dress-up day. With some even coming dressed in prom gowns and suits.

Tuesday was color day, different colors representing each class. The seniors wore blue, juniors wore red, sophomores wore purple, and freshman wore white. The teachers also got to dress up in green.

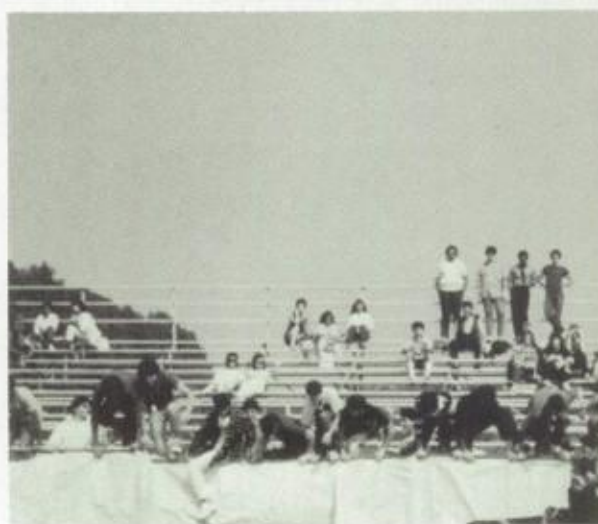

Hat and tie day was Wednesday, with Mr. Caffrey being one of the main attractions.

Thursday was punk rock day. Where colored hair and crazy clothes were part of the atmosphere.

The week concluded with an outrageous display of school spirit. All of the fall sport teams and their members were introduced to a lively crowd of students who showed the pride they have for their school and their teams.

A year in color

Horizon

Once again, Horizon Colorguard competed a successful season of competition. This group of 19 young men and women traveled the eastern seaboard and placed among the top 10 guards in the country.

The guard was so successful in local competition (including winning the Metro American Association "A" Class championships last year) that it advanced to a higher level. Along with placing in regional competitions outside of the state, they also performed at the Winterguard International Olympics in Dayton, Ohio.

Using the theme of "colors" this year, Horizon displays their talents with artistry and style exhibiting the colors of the spectrum. Starting off entirely dressed in black, their uniforms complement the mood as the colors change from black, to red and yellow, blue, pastel green, primary colors, and finally to an all

white section.

Each performance requires vigorous practices during the week and on weekends as well. Their difficult equipment work and dance is exciting to watch and never hesitates to bring an audience to its feet.

Rising above the rest

The four-time New Jersey State Champions have something to smile about!

On Saturday November 15, the stadium of Passaic Valley High School in Little Falls, N.J. echoed with applause during the Eastern Marching Band Association Championships as the Viking band concluded another stunning performance. Exiting the field, full of tears and laughter, the members were congratulated on a job well done.

Combining intricate routine, music and drill work, the band earned an amazing record-breaking score of 95.35, a superior rating plaque for being the highest scoring N.J. band and their fourth consecutive New Jersey state championship as well as placing second in the Eastern Seaboard in class one. Capturing musical honors in their brass and percussion sections, the band also sported an undefeated colorguard which received a perfect score at the championships.

Throughout the season their collection of trophies grew due to performances at Morris Hills, Morris

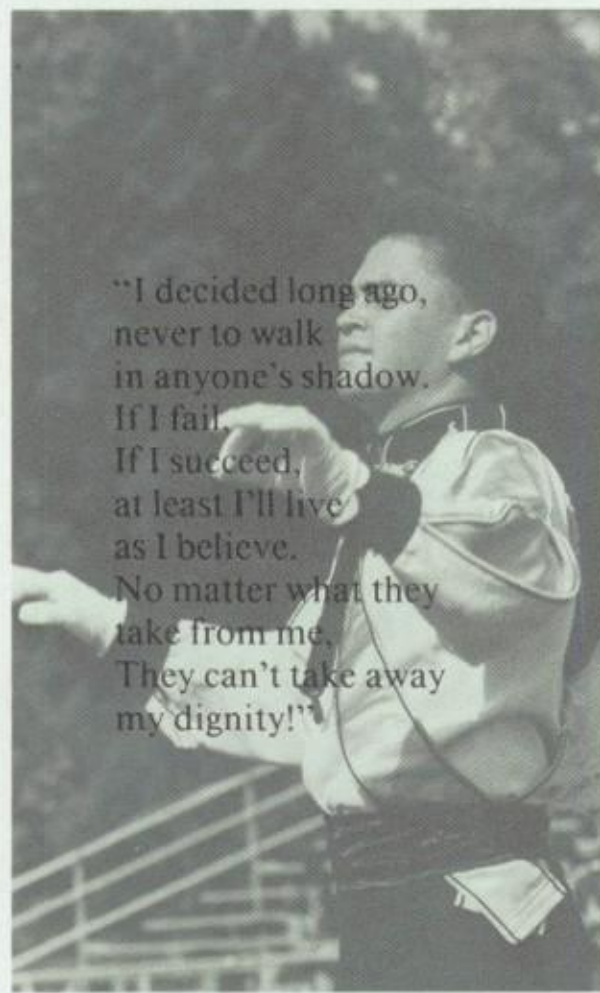

Knolls, Lenape Valley, and at Steinert and Belville high schools where they were named the best overall band. Other awards included various first place trophies and special awards for best marching, colorguard, music execution, percussion, and drum major.

Annual appearances are made at the Princeton P-rade, the homecoming and fourth of July parades and at

high school football games for pre-game and half-time shows as well as the Rutgers homecoming parade where they made their debut.

Under the direction of Mark and Ginny Kraft, drum instructor Larry Kuzel and a superb staff of Steven Horne, J.P. Cardaneo, Donna Kowalec and Keith Hamilton, the Viking band was rewarded with yet another excellent season.

The melody lingers on . . .

Concert Band

Every tenth period a faint tune can be heard from outside of D105. Who are these people who spend their last period working to perfect each song day after day? It's the concert band of course.

The director of this group of people is none other than Mr. Kraft, who has turned these instrumentalists into remarkable performers. Annually, the Holiday, Mid-winter and Spring concerts are when the concert band makes appearances much to the delight of the township.

Along with these 3 performances, they also played for the National Honor Society Induction ceremonies and at the class of 1987's ceremony in June.

This year in particular was one to be remembered as the concert band combined their expertise with the Crossroads students in performing at their concerts.

Mr. Kraft is pleased about the band's performance.

Jazz Ensemble

The sound of music was once again brought to South Brunswick through the efforts of the Jazz Ensemble. Mr. Kraft, the director of this organization is very proud of the students who devote their time one night a week in order to entertain their audiences.

The practices did pay off however, during their annual Mid-winter and Spring concerts where the Jazz Ensemble proved to be a crowd pleaser, along with hosting their fifth annual jazz festival at S.B.H.S. on March 6, the Ensemble also competed at other festivals including the Trenton State College Jazz Festival. In addition, the Ensemble also performed at the Brunswick Acres Arts Festival and at the Special Olympics as well. The outstanding entertainment that the Jazz Ensemble provided was something to be remembered and the students hope that they can continue its success.

That's Entertainment!

Madrigal Choir

With a third year under their belts, Madrigal Choir managed to put a song into everyone's hearts. As required, an audition earned 16 talented members a spot on this select group. Practicing one night a week helped them in perfecting each tune.

Joining the chorus, Madrigal Choir made appearances at the traditional concerts and on "Conversations with Dick Sherman". They also traveled to Toronto and Trenton State College where they took place in Madrigal Competitions. As their melody lingers on, the choir has high hopes in future performances for continued success.

Chorus

Once again, the S.B.H.S. Choir filled the auditorium with the sound of music during the annual holiday, mid-winter, and spring concerts. Under the direction of Ginny Kraft, this group of students has enlarged in size to 50 members.

Along with performing at the three traditional concerts they also showed their talent touring the township elementary schools and on "Conversations with Dick Sherman" on channel eight in December. The Choir officers are: President-Diana Renk, Vice president-Denise Cannie, Treasurer-Irene Faber, Secretary-Jackie Schechter, Librarians-Lori Moore, Carrie Haymond, Accompanist-Carrie Haymond.

The S.B.H.S. Theater Club has a story to tell. On December 5th and 6th, the S.B.H.S. Theater Club presented "The Philadelphia Story". A take off from the original play, this was a tale of a rich family trying to hide their "skeletons in the closet" from two reporters. Under the direction of Ms. Tara Handschin and student director Sonya Tinant, this group of students gave a remarkable performance. Jennifer Craycraft and Mike Friedman acted superbly in their starring roles as Tracey Lord and C.K. Dexter Haven as did An-

drea Dimino as Liz Imbrie and Mark Kalet as Macaulay Conner. Other supporting performances were Joey Procelli as George Kitteridge, Lori Moore as Dinah Lord, Todd Wall as Alexander Lord, Lisa Scheeler as Mrs. Lord, David Harris as the "Pinching" uncle Willie, Brent Eaton as Mr. Lord, Jennifer Lapelosa as Terry, and Lisa Buckalew and Anna Christensen as maids. As their excellent performances continue the club looks forward to seeing more new faces in their future productions.

A Night Of Elegance

Business As Usual

A cooperative education program offers an opportunity for on-the-job work experience for eligible students, who have specific and definite occupational intentions. They attend school in the morning and work for standard wages during the afternoon. The COE program can provide many advantages for the school system of a

community, for employers, and most important, for youth. For the student learner the cooperative education program provides an opportunity to develop his/her individual attitudes and interests, a chance to gain a business reputation, and an opportunity to know the world of business, trade and industry.

Prom Committee

This year the class of 1988 worked eagerly in organizing the 1987 Junior-Senior Prom. The big bash is to be held on May 24th at the Pines Country Club in Edison. The junior committee members spent long hours preparing for the special night. Chairpersons Abbe Thorner and Ramona Meyer worked with the committee in choosing a theme song and selecting decorations. The group also worked on hiring a d.j. and a photographer. Both the senior and junior classes anxiously await the thrilling night. They know this prom will be an event to be remembered for years to come.

Dance your way to the top

Dance Company

This is the second year the S.B.H.S. Dance Company has successfully continued its program. Dance is available to juniors who have Ciped, and there is an after school session open to all other students. The curriculum includes technique and choreography in modern/ballet, tap, and jazz. Although it takes a lot of hard work and commitment many students actively participate to make it a worthwhile experience. The Dance Co. meets weekly to prepare for the spring show which is the culmination of the program. This year's dance faculty includes Janet Danforth, Bonnie Cusack, and Paul Liberti.

Freedom of the Press

Eidolon

The purpose of the S.B.H.S. Eidolon Club is to prepare a magazine of student writing and visual artwork. Members have an opportunity to critique, edit, and discuss submissions, as well as to experience in the lay-out. They are involved in, over the course of the year, all phases of the magazine production. The Eidolon Club meets Thursdays after school to prepare for the production of the magazine, and the members must attend all of the meetings. Artwork is done by Sunita Bonde and Irene Chen. Throughout the years the society has attended French plays and has eaten fine French cuisine at the annual pot-luck dinner. However, the society is notoriously known for its Bake Sales which occur on ½ days.

The four officers, along with their advisor Madame Mustillo, lead the F.H.S. in planning their activities which occur very often.

Spanish Honor Society

The Spanish Honor Society is an organization created to promote in its members a great understanding and appreciation for the Spanish language, culture and history. Model Congress/Junior State Club

The Model Congress/Junior State Club is an organization which debates current issues at its weekly meetings. The members are involved with writing and debating legislation in preparation for the annual Model Congress Session, held at William Patterson College in March.

Abortion, capital punishment, nuclear energy, Strategic Defense Initiative, and health insurance are just a few of the many subjects discussed in Model Congress/Junior State Debates. In September, the club hosted a mini-forum on Life in the Nuclear Age and invited two guest speakers to discuss the opposing views on the use of nuclear energy. In October, some members attended a conference at the Woodrow Wilson School of International Affairs at Princeton University, which included several debates, and mock presidential election. Also, in February, the club attended a conference in Philadelphia, celebrating the Bicentennial of the American Constitution.

Student Government

For yet another year, the student government was going strong. Chosen by election last June, the executive council of the South Brunswick Student Governmental Association were as follows: Presi-

dent — Elaine Cheng, Vice-President — Melissa Smith, Board of Ed. Representative — Gena DiLorenzo, Recording Secretary — Deirdre Fuller, Corresponding Secretary — Debbie Griper, Treasurer — Mike Buck.

Along with planning spirit week and the fall pep rally in order to spark enthusiasm for the oncoming of fall sports, they provided black and gold "Viking" folders for the students and faculty, selected class representatives for the council, and planning for the event of Homecoming, including revising the selection process of the Homecoming Queen.

As the year progressed, the student government undertook many large projects including organizing a S.A.D.D. (students against drunk driving) chapter within the school. Their involvement in these projects was successful in providing a way for students to voice their suggestions and opinions.

Leaders of tomorrow

Peer group and advisors on fall retreat

Are you aware?

South Brunswick parents, students and school personnel, in an effort to stop the growing use of alcohol and drugs among our teenagers, have organized a citizens task force on substance abuse.

The task force presented a series of educational programs for South Brunswick residents, in an effort to raise community awareness and concern.

Specialists in the area of substance abuse spoke at each meeting. Ron Gaetano led a program which focused on opening the doors of communication between both teens and adults.

The following guest speakers: Jeff Thaxton, Betty Koehler, Gail Milgram, and Detective Joseph Duca also contributed valuable information to this worthwhile program.

Ron Gaetano in a group discussion

The Peer Leadership group works with seniors to lead small discussion groups with freshman students. During this program the freshmen have a chance to adjust themselves to the new environment. And the seniors in the program have the opportunity to advise the freshmen in dealing with new situations of becoming a high school student.

This fall the senior members took a two day retreat, where their training began. The skills learned continues throughout the year where they meet once a week with their freshmen groups. The advisors are: Mrs. Hartwig, Mrs. Weichman, Mrs. Curry, Mr. DeToro, Mr. Kraft, Mrs. Lee, and Mr. Sears.

Exercise and weight training is becoming a growing fad in South Brunswick High School. Supporting this trend is the Universal Club, which has had its largest increase of members, especially in female students. The club members are taught the basics of weightlifting and the importance of weight training to improve their muscle tone. The club meets every day after school for all students who want to participate.

Outdoor Education

As one of the many Cipied options, Outdoor Education provides students with a learning experience in the outdoors. Under the direction of Mr. Costa, students take trips to different places and participate in activities such as horseback riding, white water rafting, hiking, and skiing. Although the weather wasn't always the greatest, that didn't stop the enthusiasm of the members. Even though outdoor education entailed hard work and a lot of physical activity, the members still found that it was a worthwhile experience and enjoyed it a great deal.

Mixing business with pleasure

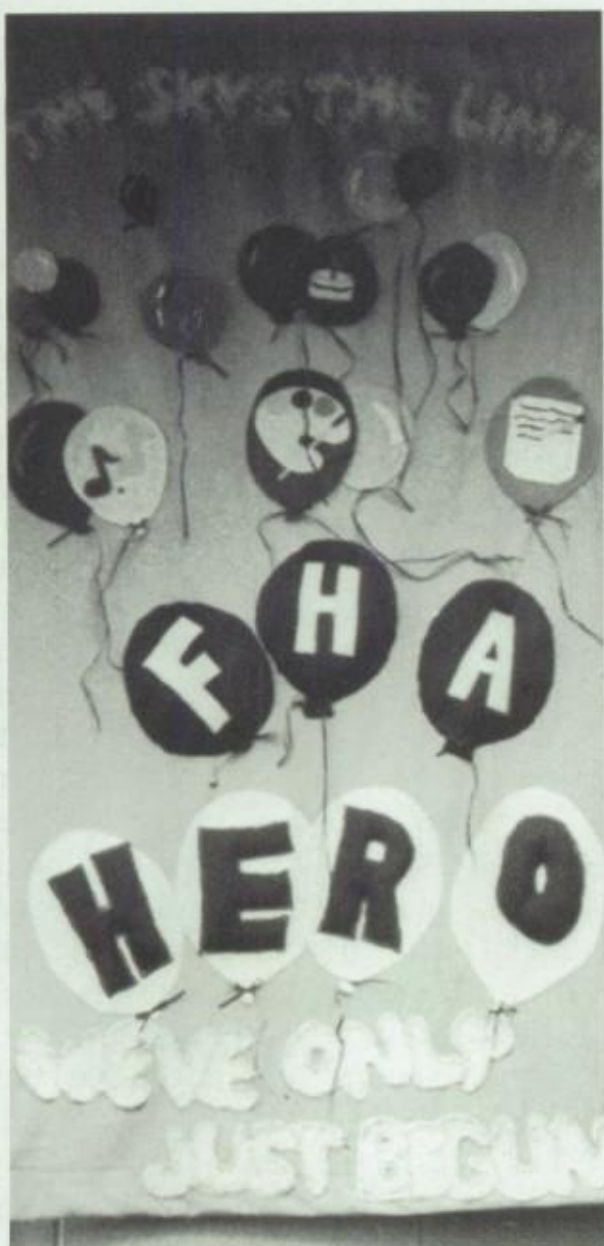

Future Homemakers of America is a national organization for students to get involved in projects dealing with consumer economics, home-making, family life, education and home economic related careers. The girls involved, spend lots of their extra time after school at meetings and working in the snack shack, which was recently open the spring of 1986.

To be an FHA member, you must have a willingness to work and to have lots of fun. Fundraising, successfully won contests, and competitions led four of the FHA members; Karen Ducknowski (State Secretary), Irene Chen, Josephine Lai, Sunita Bonde and their club advisor Ms. Fekete, on a trip to Florida. They were chosen to attend the national FHA conference. They stayed at the Marriott World Center in Orlando. Not only did the girls participate in workshops and competitions but they also met many new people from other states, such as, Japan and Puerto Rico. Besides attending all of the workshops, the members set aside one day to tour Epcot Center and Sea World.

The club officers are: President-Irene Chen; Vice President-Sunita Bonde; Treasurer-Maria Macre; Secretary-Dawn Hallowell; Historian-Josephine Lai.

Jewelry Club

The jewelry club is an afterschool activity which lets the members design and create jewelry and sculpture. Their pieces are designed in copper, brass, sterling silver, and new gold. Students show their creativity through their work. The club advisor is Mrs. O'Connell. The club members are as follows; Christine Wojton, Monica Gordillo, Lisa Mitzner, Kathy Richardson, Kelly Wollard, Janet Buck, Venice Wassef, Gina Cavener, Crista McGarty, Jennifer Coutinho, Dara Elkin, Jennifer Schneider, Christine Wei, and Elaine Ting.

Marketing to Success

DECA

DECA, the Distributive Education Clubs of America is a vocational organization for students in marketing education programs. DECA is a student-centered organization and provides the members with the opportunity to develop socially through

leadership experience, activities, and travel. The club believes in competition and offers awards and recognition to student members and advisors for outstanding accomplishments. The DECA conferences give members a chance to participate

in competitive events in their chosen career areas, to compete with other students with similar interests and to practice their skills in marketing, merchandising, and management.

MADE

Marketing And Distributive Education or the MADE cooperative program is designed to provide vocational instruction, training and development in the areas of marketing and distribution to the student. These areas include developing marketing skills, selling techniques, merchandise information, job preparation and others which develop

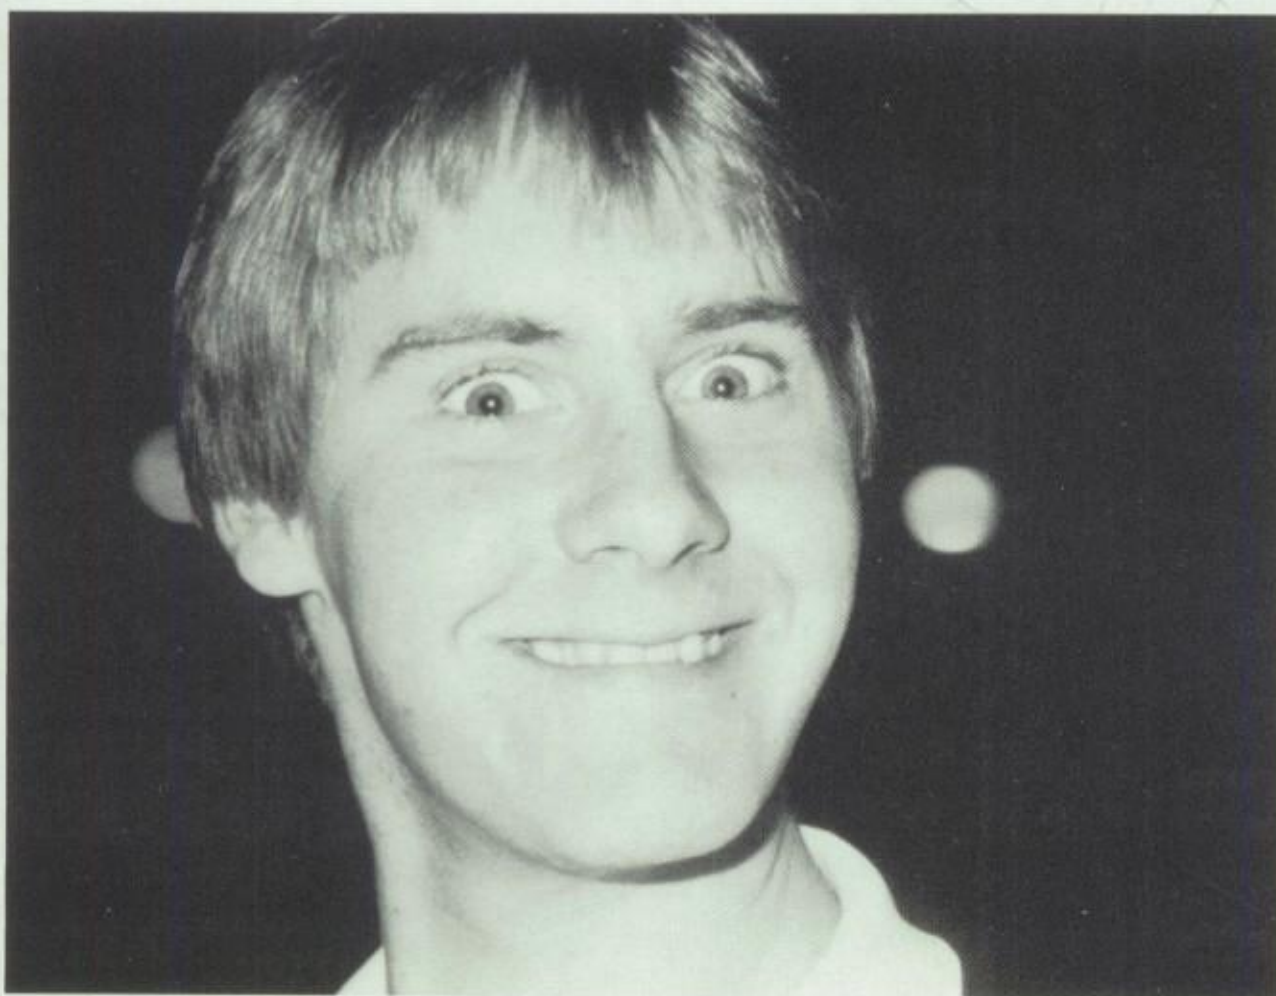

skills for a student who wants to further his/her abilities in marketing and distribution.

After a student has advanced in their level of marketing, an arrangement is made to attend school for a 1/2 day while working a minimum of 15 hours per week at a state approved marketing related job site. While providing employments with a part-time

employer, it also gives a student valuable first-hand experience in marketing skills as well as helping them to develop a broader understanding of the social and economic responsibilities that distribution entails and prepares the student for a career in that field.

Yearbook

Don't worry, we are going to get through this!

"Our second year on yearbook staff did this to us."

What do you mean we only have a week to finish 10 pages!

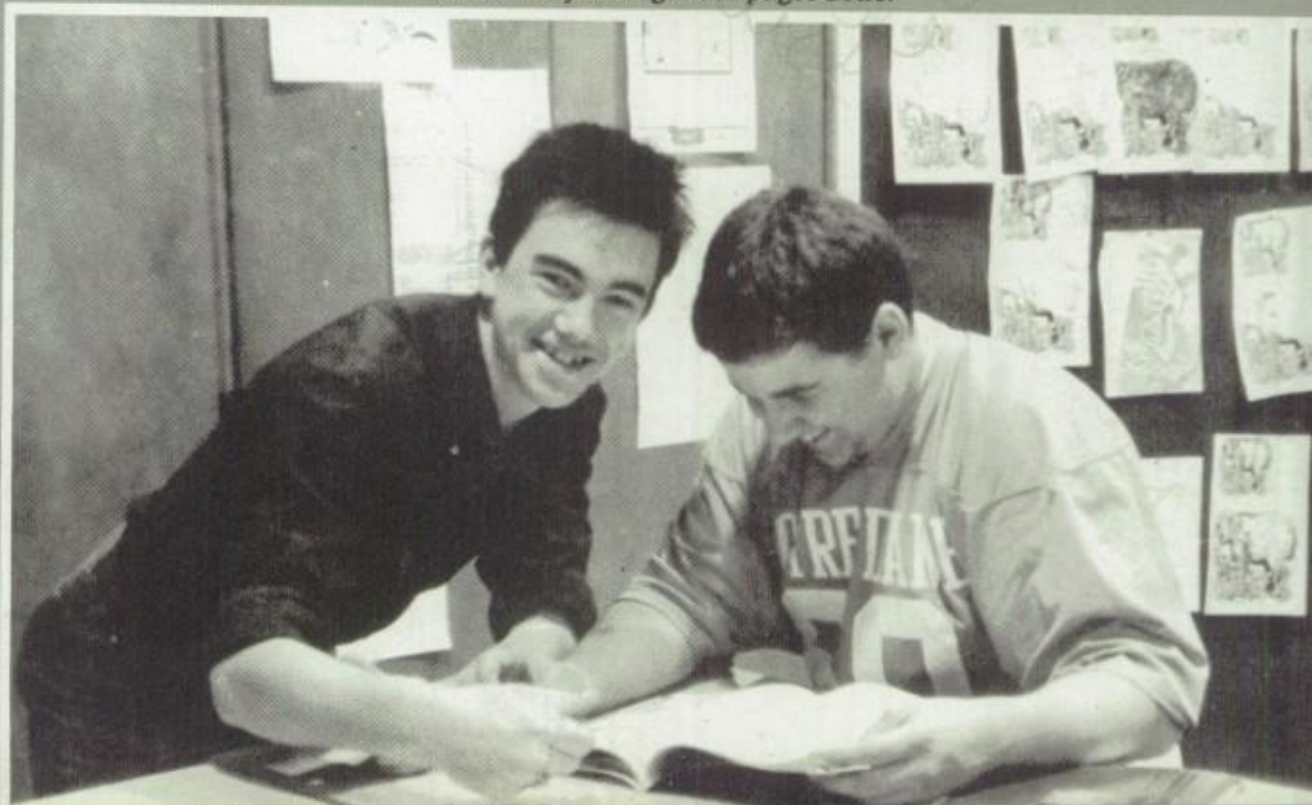

As you turned each page of this book, what you were looking at were endless hours of, creating layouts, choosing the right pictures, coming up with creative captions, writing interesting copy and much, much more. And just when you thought a page was finished, it was edited and had to be done all over again. But that is the job of a yearbook staff member, to make each and every page of this yearbook the best it can possibly be.

Every staff member did an outstanding job of meeting the deadlines

and put a lot of hard work into every page they did. There were times when deadline schedules did not allow enough time to get everything done during class time, but the editors kept on working through lunch periods, study halls, and sometimes after school. Fortunately, all deadlines were met on time, not always with ease, but definitely with a sigh of relief and satisfaction.

As Editor in Chief I would like to thank each and every Editor for a job well done!

"Don't worry we'll get our pages done."

Staff

"I hate computers!"

This is how we make a yearbook!

Okay, now what do we do with this layout?

"What am I going to do with all these booster packets?"

Here, how about this picture?

IN REMEMBRANCE OF TWO

Ever Close in Mind and Heart

No further away than a picture,
A smile or remembered phrase,
Our loved ones live in memory —
So close in so many ways.
For how often does a sunset,
Bring nostalgic thoughts to mind,
Of moments that our loved ones
shared —
In days now left behind.
How often has a flower,
Or crystal autumn sky,
Brought golden recollections —
Of happy days gone by.
Yes, memory has a magic way,
Of keeping loved ones near —
Ever close in mind and heart,
Are the ones we hold most dear.

I often wondered where he was
coming from, where he had been,
where he was going.

"An Exceptionally Special Friend"

For many years I had known Paul, but during the past year we united into a special friendship. It seemed within a matter of minutes we joined a bond of brotherhood. Not just ordinary brothers, but inseparable ones. I was to him, the brother he never had and to me, he was the best friend I was lacking.

We did everything with one another, some good, some bad. Skiing was one of his favorite sports, but we also went boating and water skiing. We went to school together, worked alongside each other and at least once a week went into Princeton for Buffalo wings, along with sharing our life's ambitions. In all, we were one person, split into two.

But I didn't have to search for the love
within him, It was
Something he gave as well as
received.
In times of need he was always there,
arms open.
He reached out to people and in
return, They'd reach out to him.
Whether it be for love, support or a
favor — he was always there.
You could see so much through his
eyes — they were so expressive.
Which along with his cheshire smile
and blonde hair made him a
reflection of sunshine — OH SO
SPECIAL.
In short, through the good and the
bad,
he was a totally beautiful person —
inside and out.
NEVER TO BE FORGOTTEN.

Deborah Terppe

Paul was a unique person, the kind
that always had a smile on his face and
a trick up his sleeve.

He was very special to me. I loved Paul
like he was a part of me. There was no
need to tell each other how we felt, it
was known without words. It just feels
like we were made to become best
friends.

Everytime memories of Paul enter my
mind, tears fill my eyes, then I think a
little deeper and can't help but smile.

He is a part of me, And always will be.
John Thomas

... Our Friend, Paul R.
Doscher

Paul,
was so special, not like the average
teen;
his eyes and smile always shined with
a special gleam;
always hard working, living for
today;
bringing the best in any situation that
came his way;
even though he appears to be gone,
the memory of Paul will always
LIVE ON.

Mike O'Sullivan

VERY SPECIAL PEOPLE

... Our Friend, Robert E. Burgess

The simple gift of words gives us comfort in times of need, yet they do no justice to express the long lasting memories that will linger forever in all of our hearts. You will always be with us Bob and Paul.

We know that they live again, the dear ones that we cannot see. They know how much we miss them, how much we loved them. They understand about all the things that we meant to do with them and for them. They know of the words that we meant to share with them, but did not have the opportunity.

They put their arms around us to comfort us. They let us know that they are there, speaking ever so softly to us. The loss of the body does not mean the loss of love. They are now in a new life. A life that offers them eternal joy and peace. In this new life their love is stronger than ever.

They will live on in our hearts as long as we live.

Paul and Bob were very special people.

Sylvia Lee
High School Nurse

Love is . . .

Love is you,
Love is me,
Love is boats out on the sea.
Love is our names written in the sand,
Love is walking hand in hand.
Love is a smile on my face,
Love is something that is no disgrace.
Love is a feeling that never shatters,
Love is you — And that's all that matters.

Bob to Kym (February 1987)

How I wish, how I wish you were here.

We're just two lost souls swimming in a fish bowl, year after year,

Running over the same old ground. What have we found?

The same old fears.
WISH YOU WERE HERE.

— Pink Floyd

Knowing Bob since early childhood gave me the opportunity to create many cherishable memories with him that will last forever in my mind and heart. He touched the lives of so many people with his smile, laugh, and personality. His willingness to be a true friend will never be forgotten by anyone.

I Love You Bub —
Alison Bartolo

June 5, 1987 ... and always

Dear Dawn-

Well, we're seniors- and we're Graduating! I can't believe it. I'm so glad we are finally getting out of here, but at the same time it's really kinda of sad. I'm really going to miss all the friends and memories I've made here! I remember the 1st year you were here -- I thought you were such a shot! But once I got to know you, I really thought you were a nice person! Remember when we went to Woodbridge -- and met those guys?!? AND then we left notes to the waiter, and the 'lone' man in the movies?!? and they both called?!? I told you they would. Then of course there was the Rom of '86 & '87. They were the best! Walter was a little disappointing - but he was hot! I wish our limb would have been a normal color, and Leslie would have sat some where else - but what can you do. New York turned out to be a bit upsetting - but that was because we got there at 11 o'clock, after our train broke down. (It could only happen to us!). One good thing is that we will both be ~~ggs~~ (oops!) going to CITTone, so we have the chance to become even better friends. Plus we will be exercising our beautiful bod's into shape so often that we'll be practically living together! (In the meeting room?!?) That had to be the funniest thing that has happened to us. (One of 'em) Though things started out a little rocky for us - I'm glad we got to become such close friends, I know I can always count on you and trust you. I want you to know that I will always be here for you if you ever need me!

Lots of Love,

Lori

P.S. Will I see you in Florida?!?

Make sure you call me in the Summer - this is the Party Year!

We've finally made it-all of us are going to graduate! I can't believe it. Last year we never really got a chance to be friends- I'm so glad things changed. ~~Dawn~~ Consider you as one of my great friends. We've had so much fun in English- gym- and lunch! Hey babe- let's go down to florida tonight- we'll meet the seniors down there! Let me go see the balloons- forget about the car! McDonalds?!? - what about English! Fuckin' ^{sorry about that} A-! what memories we've had and we always will. You're pretty special to me and I want us to still keep in touch. I'm going to miss you next year- I want you to keep in mind you can always write. And when I get my chef degree- I'll come cook for you in your penthouse, right?!? I love ya sweetie.
